Elite Garda CZ

We are an elite squad composed mainly of former league players, essentially a Czechoslovak team, with 99% still actively playing football. Our journey began with participation in the Czech Championship in the 40+ category (under the FAČR). Gradually, we strengthened our squad, and today we proudly compete in prestigious tournaments both in the Czech Republic and abroad – in categories 35+, 40+, 45+, as well as open categories. Our ambitions are high: we aim to operate as a veteran national team and rank among the very best in Europe. Since our team consists of top players from the Czech Republic and Slovakia, we are internationally respected as a strong “Czechoslovak team.” Our long-term goal is to participate in tournaments across all age categories worldwide while also spreading the joy of football through exhibition and charity matches, especially in the Czech Republic and Slovakia.

Football7 National Team (6+1)

Since the establishment of the Football7 association and the creation of the official national team, we have had a clear goal: to be competitive on the international stage.

The national team is made up of league football players, top futsal representatives, and champions from other football disciplines.

We are ready to compete for medals in the Nations League, the European Championship, and in the future also the World Championship in the 6+1 format.
